Yealink VCM36-W Pro Datasheet

Introduction

The Yealink VCM36-W Pro is an innovative wireless video conferencing microphone designed to accommodate various meeting room needs. With a built-in 4-microphone array, the VCM36-W Pro offers an optimal voice pickup radius of 3 m and 360° voice pickup coverage. It features Yealink's high-quality echo cancellation technology and noise cancellation, effectively filtering out up to 90dB of ambient noise to provide a high-quality audio experience during full-duplex calls.

The VCM36-W Pro's high-quality pickup technology provides a full range of audio coverage for all conference room sizes.

The VCM36-W Pro is easy to use with a single pairing, with up to 24 hours of battery life in conference mode and 14 days of standby time. The VCM36-W Pro Wi-Fi microphone is equipped with a charging dock that allows you to charge the microphone wirelessly, and you can change its deployment position at any time while using it to suit your needs.

Key Features and Benefits

- HD Hi-Fi Wi-Fi Microphone
- Yealink Full Duplex Technology
- Dual-band 2.4GHz/5GHz wireless networks
- 3 m radius optimal voice pickup range
- 24 hours battery life of conference
- WPA2, AES128 Encryption Technology

Specifications

Specifications	Description

Microphone Features	• Optimal HD Audio • Yealink Full Duplex Technology • Yealink Acoustic Echo Cancellation • Yealink Noise Proof Technology • 3 m radius optimal voice pickup range • Muting the microphone with the touchpad • Can be used as an expansion microphone • Built-in 3840 mAh battery • Up to 24 hours of use time • Up to 14 days of standby time • Frequency response: 100Hz–20kHz
Wi-Fi	• Standard: 802.11 b/g/n/ac/ax • Frequency: 2.4GHz/5.1GHz/5.8GHz • Security: WPA-PSK/WPA2-PSK
Physical Features	• Dimension (W × D × H): • Microphone: 100 × 100 × 17 mm • Charging dock: 100 × 100 × 10 mm • N.W/CTN: 0.416kg • G.W/CTN: 0.487kg • Operating humidity: 10%–90% • Storage temperature: 0°C–40°C (+32°F–104°F)
Package Contents	• VCM36-W Pro • VCM36-W Pro charging dock • Base adhesive • USB A-C cable • Power adapter • Quick start guide
